

CLOUD9 Hosted PBX and VoIP Solutions

Quality, Capability, and Value

Cloud9 Hosted PBX and VoIP Services

Looking for a new phone system? Is the one you have getting old or expensive to maintain? CLOUD9 Hosted PBX and VoIP services are perfect for small to mid-sized businesses with one or multiple offices, and mobile workers in the US and even around the world. Our quality, reliability and capabilities surpass that of traditional customer premise based PBX solutions. Just as important, we eliminate the up-front costs of buying a phone system, and reduce and contain your monthly communications!

The Right Solution for Your Business

Telemaxx realizes that one size does not fit all. That's why we offer different plans and options to optimize our services to meet your business requirements. From extension plans with unlimited domestic usage, to shared-usage plans that help contain costs across the enterprise, to SIP trunks that replace traditional telephone lines with everything you could ever want from a state-of-the-art IP PBX and VoIP solution. Telemaxx has the right solution for your business.

Why Hosted PBX and VoIP?

Reason #1 - Eliminate complex and expensive PBX hardware and software

Reason #2 - Easy to use and manage, with more features and functions

Reason #3 - Reduce your overall telecommunications costs

Reason #4 - Future proof your phone system, and realize valuable business productivity improvements with Outlook plugins, operator panels, personalization and 3rd party software integration options

Why Telemaxx?

We deliver better **quality**, more **capabilities**, and the most **value** compared to the competition.
